RAYMOND RECORDER

No. 15 Vol. 3 Thursday, August 14, 1952

Mr. and Mrs. S. B. Card had as their guests last week, Mrs. Card's niece and husband, Mr. and Mrs. Joe Bur-ruse of Long Beach, California.

United Church News

Services in the United Church resumed August 3 with Rev. H. Pentland B. A. in charge. Those who attended church thoroughly enjoyed Rev. Pentland's opening sermon, the theme of which was 'decision', 'works' and 'faith'. The Pentlands arrived from Esquimalt B. C. July 30 and the Introduction Service was held in Magrath United Church on Friday evening August 1 with Rev. Johnson of Cardston, the main speaker, assisted by Rev. McKelvie of Milk River. Quite a number of the local congregation were fortunate enough to attend this service and those still holidaying and unable to attend certainly missed and impressive service.

During the month of August services will continue to be held at 12 noon. We would like to see a good attendance next Sunday.

Mr. and Mrs. G. Bosworth have as their guests at present, his mother Mrs. G. Bosworth and his grandfather Mr. Wm. Kenworthy both of Olds, Alberta.

Mr. and Mrs. Geo. Swedish and daughters Diane and Georgia are spending their holidays visiting relatives on Vancouver Island.

Mr. and Mrs. Johnny Brunton and infant daughter of Vancouver are at present visiting at the home of her parents Mr. and Mrs. Tom Allan and also with her sister Mrs. Karl Wilde.

Red Cross Holds Most Successful Blood Donor Clinic To Date

Following is a letter received by Mrs. I. Kitchen who is the Red Cross representative of the Blood Transfusion Service here.

Dear Mrs. Kitchen:

Congratulations on an excellent clinic and many thanks to you and your grand committee. We do wish you all to know, on behalf of the Canadian Red Cross Blood Transfusion Service and the girls of the staff that we do appreciate and value your backing and support.

The generous response of the donors and the wholehearted interest shown by the workers and people of Raymond and District. There is a great deal of work and effort in a clinic such as yours and you can all take pride in your growth and accomplishments.

We would like very much to thank each one personally, but as that is impossible, would ask you to pass on our "thank you" message to all those you feel would like to know their help is valued.

Yours sincerely,

A. M. Haley

The local committee expresses its heartfelt thanks to all those who helped make their most recent Blood Donor Clinic such a success.

Special thanks go to the 183 donors who were on hand to make this the best attended clinic to date, to Lee Brewerton for his help in publicizing both the Clinic and the Transfusion Service, the School Board for the use of the Opera House, to the Third Ward Relief Society who catered for the Clinic, and to Mesdames Hall, Winkler, Donaldson, Bowden, Turner, Kitchen, Paxman, Swedish, Holland and all others who assisted in any way.

Gerry Finch of Calgary spent the week-end with his parents, Mr. and Mrs. C. A. Finch.

What Happened At The Council Meeting

Regular meeting of the Town Council met at the Town Hall at 8 p. m. Those present were Mayor Taylor and Councillors, Wilde, Ralph, Melchin, Salmon and Kenny.

The minutes of the previous meeting were read and adopted on motion of Councillor Melchin.

The cash statement was read and accepted on motion of Councillor Ralph.

H. P. Schneider and Ivan Wilde met the Councillor regarding flood problems. A meeting was arranged with these men along with T. Geo Wood representing Canadian Sugar Factories and the Water Committee of the Town at 9 a.m. August 13th at Ivan Wildes to look over the situation.

Ken Knight met the Council applying to move a shack onto a lot. The matter was referred to the Works and Property Committee for investigation.

Mr. T. Geo Wood representing the Raymond Rotary Club, Mr. W. W. Nalder and Della Woolf representing the Liberty Board and Mr. Paul Redd, met the Council. Mr. Wood presented a proposition to the Council on behalf of the Club regarding a proposed financing and building Scheme. After some discussion Councillor Melchin moved, seconded by Councillor Salmon that the Council support the proposal of the Rotary Club in principle and the recreational Services Committee of the Council under Bruce Galbraith be appointed to investigate the matter of finances and work with the Rotary Club Committee on details, and bring in a report to the Council. Carried.

Geo Haugen met the Council requesting a wage increase. Councillor Wilde moved that the matter be held (continued on page two)

THE NEW RAYMOND RECORDER

Could You Have Said These Words?

We of the free Western world confident in our general superiority in all things, might pause in our haste and bustle to regard, in a spirit of humility, two Korean citizens nobody so ever heard of before and probably will never hear of again.

Their names are Lee Ho Jin and Lee Dong Ha, and it would be good to ask ourselves, each one of us, if we could match them in humanity and compassion if we found ourselves in a similar situation.

The story would be a commonplace and sordid were it not for these two obscure Koreans. A young Canadian soldier serving in that distant and fiercely unhappy land got drunk in the tiny village of Shin Shan, and while drunk he shot and killed an aged Korean housewife, the wife of Lee Ho Jin and the sister of Lee Dong Ha.

The charge was reduced from one of murder to manslaughter, and the young Canadian will now serve a three-year sentence.

Lee Ho Jin, the bereaved husband, appeared in court. A refugee from North Korea, it is not hard to imagine what depths of misery and hopelessness he has plunged in the past year or more, only to see despair compounded by the senseless, tragic death of his wife, at the hands of a foreign soldier. Did he feel the bitterness of soul to which any human might be entitled in such circumstances?

In court, Lee Ho Jin said: "A mistake is the mother of success. Every

A group of ninety-three of the descendants of the late Wm. M. Palmer met at the Experimental Farm on Sunday afternoon to hold a Palmer Reunion. The group enjoyed a tour of the farm, an entertaining program, and a delicious lunch. The program was conducted by Mr. Edwin Palmer of Barnwell, President of the family organization. Mr. Asael Palmer gave an interesting account of the early history of the Palmers.

Members of the family were from Lethbridge, Raymond, Maybitt, Picture Butte, Barnwell and Taber. Those from greater distances were Mr. Don Palmer of Los Angeles; Mr. and Mrs. Eldon Palmer of Creston B. C.; Mr. and Mrs. Arlo Palmer and family and Mrs. Nellie Gibb of Rosemary.

The group was reorganized for another year, with Zelda Woolley as the new president, Delbert Palmer as vice president and Helen Attwood as secretary.

During Mr. and Mrs. Bob Winstons visit in town, Mr. and Mrs. Louis Brandley entertained at a lawn party in their honor. The Joe Proctors, Heber Perretts, Frank Clawsons, Earl Nelsons, Kieth Nelsons, Cal Brandleys, Albert Brandleys, Wilford Brandleys, and Joe Brandleys of Sterling and the Paul Redds, Dean Nelsons, Don Steeds Bob Brandleys, Mrs. Virginia Pittman and Mrs. Crane thoroughly enjoyed the welner roast, program and visiting out on Brandleys lawn.

Mr. and Mrs. Doral Stone joined Mr. and Mrs. Cal Hill in Waterton last week for a very enjoyable holiday.

Mr. and Mrs. Jim Bridge spent a few days vacation in Waterton last week.

Mr. and Mrs. Lawrence Turner recently enjoyed at holiday at various points across the line.

— Reprinted from The Calgary Herald

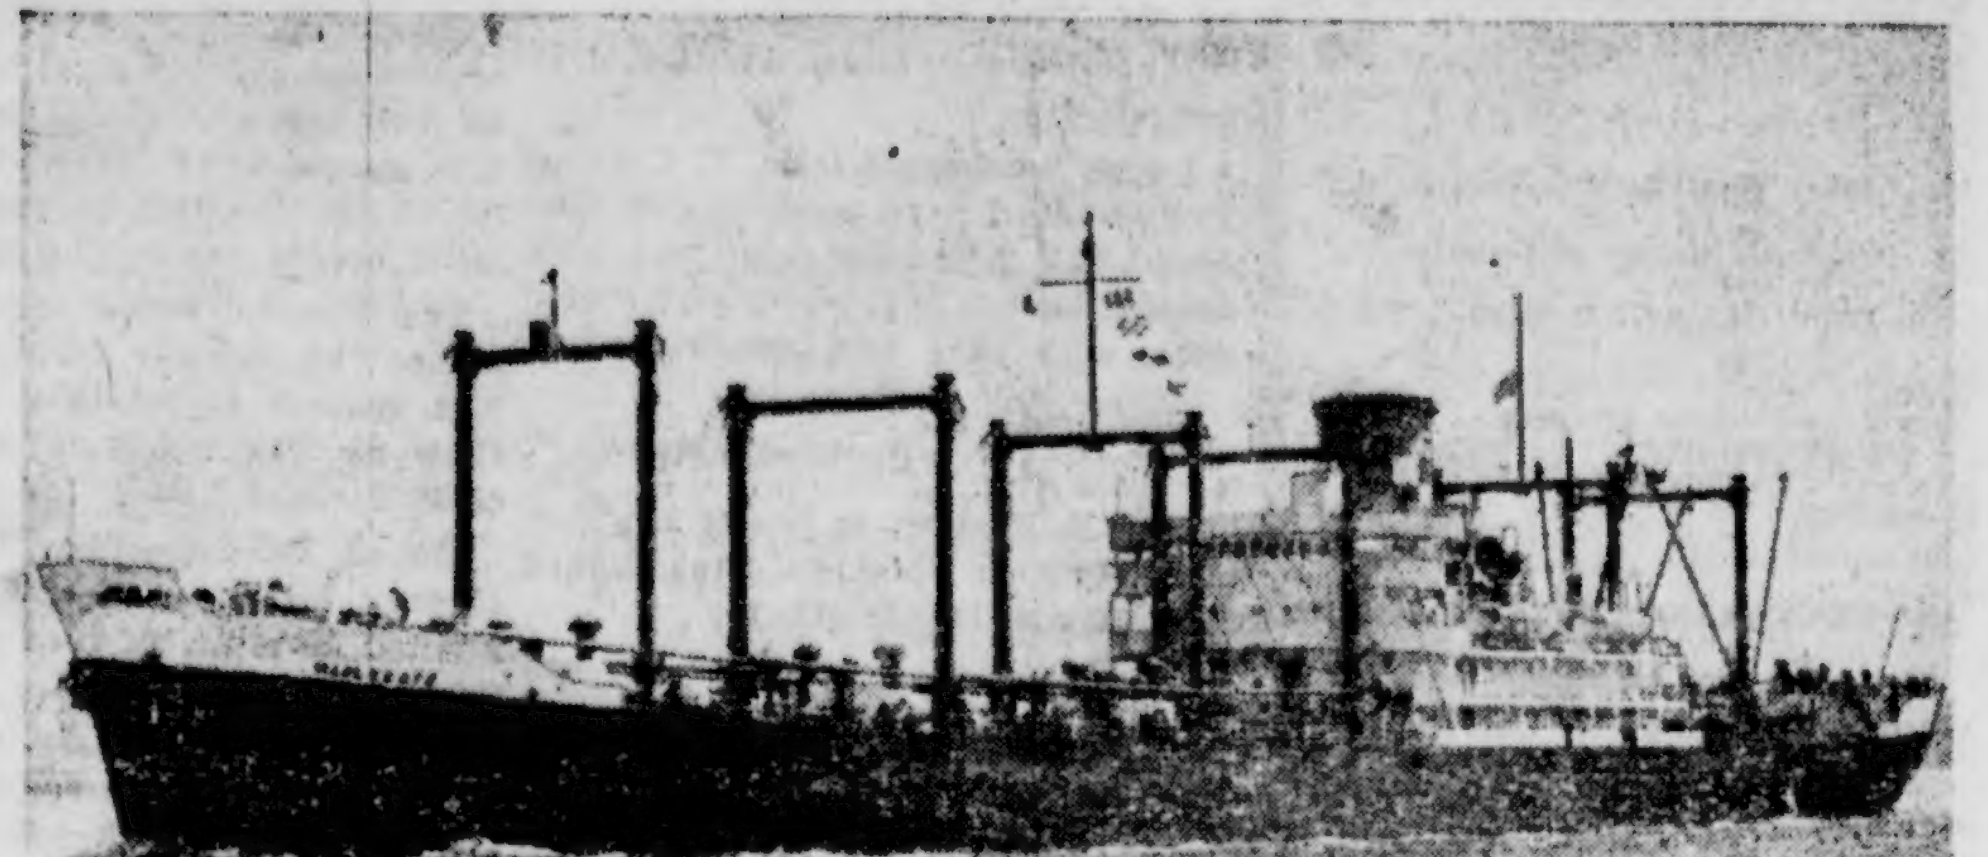

man is entitled to make one mistake. This boy made his. My wife and I were very old. Take this young soldier, give him a better education so he may continue to fight for peace."

And then Lee Dong Ha, the victim's brother, addressed the court. What bitterness and justifiable resentment did he feel towards the drunken foreign soldier who killed his sister

"Anyone," said Lee Dong Ha, "can commit a crime when drinking. This soldier came to Korea to fight for the liberation of all Koreans and for the freedom of the world. If he is punished, he cannot fight for Korea and the free nations. Fighting is the big matter in the world today—not this private matter."

These words were spoken by the heirs of an ancient culture to the people of a powerful but very young land. The simple nobility of these two humble peasants, the startling breadth of view they express, their quiet wisdom and gentle understanding of human frailty, stand as an example to us all. They remind us that to be young and strong is not all, that age and great experience can teach us many things we would be the better for knowing.

In their acts of touching compassion and forgiveness, Lee Ho Jin and Lee Dong Ha have, by example, given us the opportunity of learning something. It is only to be hoped that we, in the same situation, would be as worthy.

To the Canadian Pacific Steamships' tween Tacoma, Seattle, Vancouver, 10,000 ton cargo vessel Maple Cove goes the honor of being the first company ship to return to Pacific service since World War II. The ship, which sailed from Montreal recently, is headed for Vancouver, where she will take on the balance of her cargo. The route for the new service will be between Tacoma, Seattle, Vancouver, Yokohama, Kobe, Manila, Cebu, Hong Kong and Nagoya, and late in September the Maple Cove will be joined by her sister ship Mapledell, to offer a monthly service between these ports. Formerly the Beaverdell and Beaver-cove, both these vessels were on regular C. P. S. Atlantic service before the changeover. Lower right shows Maple Cove's skipper Captain R. A. Leicester, of Vancouver, in the chartroom of his ship, studying the route the vessel will sail, while lower left shows a cargo sling with a load of Canadian produce bound for Yokohama, Japan being loaded on the ship at Montreal. All-Canadian crews will staff the two ships.

Polio Calls First Strike

Raymond and district became very close to the polio scourge last Monday when the young son of Mr. and Mrs. Floyd Lawson was claimed as the first, and so far, only victim of the disease. The young lad, who will have his fourth birthday next month, is isolated at the S. B. Smith home with Mrs. Smith, his grandmother, in charge of his care.

His condition is improving and even if the lower part of his back and legs are paralyzed he is a cheerful little fellow who is described as a good patient.

He will be kept at the Smith home until there is a place for him in the Red Cross Children's Hospital in Calgary.

Mr. and Mrs. L. L. Anderson have received word from their son LeRay, of Salt Lake City, formerly of Raymond, that he has received the appointment of assistant professor of Pharmaceutical Chemistry at the University of Utah College of Pharmacy, Salt Lake City. LeRay will teach various courses in that department. He has been attending the U. of U. for the past three years and is currently finishing work leading to a degree of Doctor of Philosophy in pharmacy. LeRay received his B. Sc. degree in pharmacy from the Idaho State College, Pocatello in February 1949, and then was awarded a fellowship to the U. of U.

Mrs. Mae Meeks entertained at a family get together recently in honor of her sister-in-law Mrs. Matilda Meeks and two daughters who were visiting in town from Utah.

The Ted, Bill, Glen and Rex Meeks, Jim Meeks, Mel Depews and Alden McNeelys enjoyed the cool evening out on the lawn visiting followed by a delicious lunch.

PUBLIC NOTICE

All public gatherings, assemblies and congregations of children under the age of 16 years are prohibited in the Town of Raymond until further notice.

By Order,

"Frank R. Taylor"
Mayor

Mr. and Mrs. Joe Woolley entertained at dinner on Friday for Mrs. Woolley's sister and brother-in-law, Mr. and Mrs. Paul Hurley of Ogden, Utah. Others present were Mr. and Mrs. Merrell Palmer and family of Picture Butte and Mr. and Mrs. F. M. Palmer of Raymond.

The Raymond Recorder crew have returned from their holidays—all three of us—Roxie, Joe and I.

Joe spent his holidays at the west coast visiting with his family while I spent my good and lovely wife and I spent our free time driving to Great Falls, Kalspel and Hungry Horse in Montana and a couple of days in Calgary and Banff.

Conference Dates Announced

TO WHOM IT MAY CONCERN:

This is to certify that I suffered from rheumatic pains in the arms, neck and one knee; also from a bronchial condition. My general health was low. I found it difficult to carry on my work.

I tried many things but failed to get relief.

I took treatments from N. Kramer. The results I have received are wonderful. All pains have left me. My general health is splendid and I now work with ease and comfort.

Why Teach?

By Dr. Stanley Clarke, Faculty of Ed. for Alberta School Trustees Association

Everybody wants short hours, high pay, quick promotions, easy work and holidays with pay. If you are looking for such a job like that, remember that so is everybody else. If you find such a job, you'll be lucky. If you find two, let us know about the other one.

Teaching as a career gives one some degree of each of these desired job qualities. The actual working hours are short—not over 35 per week. Additional work is always self-controlled in the sense that you can mark assignments after 4 o'clock or after supper—you have a choice. The pay is not as high to start as is that of some other jobs, but it keeps rising with experience. For a young person considering a life work, that future look is often neglected and is very important. Your parents will tell you how short four or five years between the ages of 20 and 25 look from their present age. To the person of 19 it seems like all of time!

As anyone knows, pay and hours aren't everything about a job. Do you like to be your own boss? From 9 o'clock until 4 every day, a classroom teacher is. She decides what to do, how to do it and when to do it. There isn't anybody peering down her neck, and saying: "Now do this" or "Just stop that work you are doing and come over here." Besides being her own boss a teacher learns how to work with people, especially with children. The training teachers get is the best of training for motherhood. The harried parent who wonders what to do next often envies the teacher who can deal with 30 or 40 of these human dynamos. Any man is smart to choose a girl with such training for his wife.

So, why teach? Because you serve society as a teacher, because twenty years from now your influence on young lives will pay off, because it is work which requires initiative and intelligence. If you care only for a big starting pay cheque, with little future prospects, with risky and itinerant work, don't look at teaching as a job. But if you would like to improve your self as a person and as a possible parent, if you would like to leave your mark on the world, indelibly printed in the lives of young people, then choose teaching as a career.

Don Palmer of Los Angeles is visiting in town this week, the guest of his brother and family, Mr. and Mrs. F. M. Palmer.

ONE WAY RULE

The popularity of cost-of-living escalator clauses in union contracts is taking a nose-dive, reports The Financial Post. The wage COL tieup was fine while the index was going up. Now it is coming down and unions want to get off.

If the downward pressure lasts, escalators will be dropped from most of the major contracts coming up for re-negotiation this spring and summer.

It is understandable that immigrants to Canada like to bring some memento of their homeland garden with in form of a corm, bulb, root or cutting. Unfortunately this may be one of the easiest ways of introducing into Canada undesirable plant diseases which are either not native to this country or which the Plant Protection officials of the Department of Agriculture are striving to keep in check.

In an inspection at two ports of entry recently large quantities of plant cuttings, corms, roots and perennials were found in trunks and suitcases of immigrants arriving from Europe. As none of the material was certified for entry it all had to be destroyed.

In three instances, potatoes totaling nearly 40 pounds were removed from baggage and destroyed. A particularly vigilant watch is kept for potatoes as the importation of these tubers from Europe is prohibited. This is because of the danger of introducing potato wart into the country a disease which is unknown in Canada except in the new province of Newfoundland, from where potatoes may not be shipped into other parts of Canada.

There's a new life preserver reports The Financial Post. It's no larger than a package of cigarettes, inflates instantly when squeezed. Resultant two-foot water wing supports 250-lb. man; fastens to clothing by means of a strong clip.

Yes, Sir . . . I'm for the Alberta Wheat Pool

1. Because Alberta Pool Elevators give effective service and protection to all.
2. Because Alberta Pool Elevators are operating at cost and excess earnings are returned to member patrons. Over the years such patrons have received over \$5 million in cash and nearly \$6 million in reserves. Ownership rests with the reserves.
3. Because Alberta Wheat Pool and Pool Elevators are owned by many thousands of Alberta farmers who have invested close to \$8.5 million in this great enterprise. Pool members can safeguard this investment by delivering all their grain to Pool Elevators. A large volume of deliveries means low cost of operation.
4. Because the Wheat Pools are mainly responsible in keeping down the cost of handling grain. Such costs are remarkably low, probably the lowest in the world. This is a tribute to the effectiveness of farmer co-operation.
5. Because the business operations of the Alberta Wheat Pool are an "open book." Pool members may obtain the fullest information concerning the operations of their organization through their elected delegates and directors.
6. Because the co-operative principle of "each for all and all for each" is the co-operative ideal which aims at spreading economic justice throughout the nation and throughout the world.
7. Because it is of vital importance to Alberta grain producers that a strong co-operative elevator system should flourish in this province. It is essential that such an elevator system should be under the control of Alberta grain producers—the men who are actually following the occupation of farming.
8. Because Alberta Wheat Pool is the only organization in Alberta which meets these requirements.
